

Use High Security Checks to Protect Your Business

Financial institutions can help protect small business customers from becoming victims of check fraud. High security checks offer protection from check fraud at a competitive price.

Fact: Check fraud continues to be the leading type of business payment fraud.¹

Fact: 60% of businesses were the targets of payment fraud last year.¹

Fact: The typical loss due to payment fraud is more than \$20,000.¹

Fact: Small businesses share the responsibility of taking actions to prevent check fraud.²

¹Association for Financial Professionals, 2014 AFP Payments Fraud and Control Report of Survey Results

²Universal Commercial Code, revised 1993

Small businesses count on their financial institution to help protect their assets. Our manual and laser high security checks have **more than 26 security features** designed to give you peace of mind and assist in reducing check fraud associated with check washing, check forgery or check copying.
